Dear Sir / Madam

We would like to introduce ourselves as one of the world's leading transmission line tower manufacturing company based in Saudi Arabia. We are having excellent designing team and world class manufacturing facility. Our strengths are meeting customer requirements for Quality, Delivery, Project Management and after sales support.

We belong to a financially strong Zamil Group; Zamil Steel Industries was established as a single division company in 1977, in Dammam, Saudi Arabia, as a joint venture between Zamil Group and Soule, USA. Zamil Group owns more than 60 major industrial and commercial companies with diversified interests.

The Towers and Galvanizing Division (T&G) started operation in 1985 under technology transfer collaboration with SAE, Italy, a member of ABB Group. We are having 22 years of experience with number of successful projects to our credit in Saudi Arabia and various parts of the world.

The Towers and Galvanizing division is equipped to design, manufacture and galvanize the following products.

- Transmission Line Towers
- Telecommunication Towers
- Radar Towers
- Rooftop towers / Wall mounted towers
- Sub Station Structures
- Railway Electrification Structures

In case you have requirements for our products. Please send your enquiry to Mr. Ajay Lalwani with copy to Mr. Richard Mariadas.
